About free "LITE" license

[Functional limitation]
⌘ Limited connectivity (1 Recorder and 16 Cameras)
⌘ Live monitor, Map monitor, CU950 are not supported
⌘ All extension license (Paid or free of charge) is not supported
⌘ The product label has a notation that it is a free version.

[Others]
⌘ KMS registration is required to use lite license.
⌘ We do not undertake any defect of failure related to the software itself.
⌘ *When switching from 90 days demo to Free license, the license for Free version is required. And the system will be automatically initialized after the license is registered.*
