

## MOBOTIX THERMAL CAMERAS WITH VIDEO INSIGHT FUNCTIONALITY

Panasonic i-PRO introduces the MOBOTIX M16/S16 thermal cameras with Video Insight's plug-in thermal feature functionality. With so much focus on maintaining the health of those entering businesses, schools, retail stores and other public facilities, this solution allows you to take the proper safety precautions for your staff and guests. Using the combined functionalities of MOBOTIX and Video Insight, an alarm is triggered when the pre-set temperature threshold is detected. Additionally, you can get accurate temperature readings with automatic face detection, edit the temperature threshold and review detailed thermal readings at any time.

For health and safety that is a step above, the right choice is MOBOTIX and Video Insight.

### KEY FEATURES

Accurate temperature readings with automatic face detection (in live video)

On-screen alarm is triggered when threshold is detected

Monitor multiple alarms with interactive event viewer

Custom temperature threshold settings

Define up to five regions of interest for temperature readings

Celsius or Fahrenheit temperature settings
