

PEPPM Price List Template Instructions

Use one line for each product. Please avoid using references to other products. For example, Product Description should not contain verbage such as, "same as SKU 1234", or "refer to SKU 1234". Complete all required fields for each item (row). Each line must be a unique manufacturer SKU. No duplicate SKUs are allowed.

Sort #	Enter a numbering system to indicate the order in which your SKUs should appear to the buyer. By default, items with photos appear first in the catalog.
Price Method	Enter FX to indicate fixed pricing.
Vendor SKU	SKU used by Vendor to identify product. Provide unique SKU Numbers. Duplicate SKU's will be rejected.
Product Name	Name or Model of the product.
Product Description	Provide product description, specifications, model number and # of items per unit of measure; up to 255 characters long. Avoid abbreviations. Use key search words to help users find your product.
PEPPM Price	Price for that SKU with PEPPM discount or markup applied.
Unit of Measure	Provide UOM per price listed. Please do not include descriptions such as 12/cs in this field; that should go in the description field. Examples of UOM are "each," "license," "unit," "box," "carton," "case," "hour," and "ream."
Manufacturer Name	Name of the Manufacturer of the product.
Manufacturer SKU	The true SKU used by the Manufacturer to identify its product.
Awarded Vendor	Bid Awardee - Your company's name.
UNSPSC	Click here for instructions on providing the 8 digit UNSPSC code. Without this code, your item may not appear in browse results.
Product URL	Provide a URL link to a photo of the image hosted by you, but not a link to a full-size company web page. Instead, send us a zip file, if you have photos for PEPPM to host.
The Expanded Description field needs to be present to trigger the presenence of a stand-alone Product Page for each item under contract.	
Extended Description	Provide a long description of the item up to 2000 characters.
These three optional additional fields will be added as separate tabs on a stand-alone Product Page for each product SKU	
Benefits	Include a description of how the product is beneficial to a user in daily work experience. We accept up to 2,000 characters. A colon triggers a new line.
Specifications	Name the speciation category followed by a colon then the specification wording followed by a semi-colon. We accept a string of up to 2,000 characters. Example: <i>Cache Memory: 3 MB; Cache Per Processor: 3 MB; Dimensions (WxDxH): 20.7 in x 1.3 in x 13.5 in;</i>
Product Features	As opposed to specifications, this field is used to highlights unique aspects of the product that differentiate it from competitive products. We accept up to 2,000 characters.
Note	Keyword and common search terms will enhance your product's visibility in the PEPPM marketplace. Always avoid abbreviations.
	If PEPPM finds a Manufacturer SKU match to product data provided by CNET, the CNET data will take precedence on stand-alone Product Pages

PEPPM Price List

Product Line: Panasonic i-PRO Sensing Solutions Corporation of America
 Awarded Vendor: i-PRO Americas Inc.
 Product Description: Security systems and public safety solutions, products, software, and services
 Aug-22

Instructions for Providing UNSPSC Codes

What is UNSPSC?

UNSPSC (United Nations Standard Products and Services Code) is a hierarchy of products and services (a "taxonomy") used globally by many businesses and government agencies. We have adopted this structure to analyze the sales data for the benefit of Epsilon participants. Visit the UNSPSC website at www.unspsc.org.

What do I need to do with UNSPSC?

In order for the Epsilon to maximize the value of the purchase data we collect as orders flow through the program, we now require an 8 digit UNSPSC code for each line item.

What are my options for providing UNSPSC codes?

Option A: If you receive your line item data from an electronic source, you may already have access to 8 digit UNSPSC codes. Discuss this with the person or team that provides your data.

Option B: Lookup 8 digit codes using the UNSPSC search tool. This will be effective if you have several hundred line items, or fewer.

[Click here for
UNSPSC Code
Finder](#)

Option C: If you have more than several hundred line items and no automated way to obtain the 8 digit codes, contact Epsilon Corporation at 925-407-1041 or at contracts@epylon.com. We will work with you to determine the best approach for providing data to complete this field.
