

Notes for use with cameras supporting the H.264 compression format

Due to software upgrade, this product has become able to use with cameras supporting the H.264 compression format.

- When registering cameras supporting the H.264 compression format, select "H.264" for "Model/Compression" on the "Network camera registration-setup" page.
- Default settings and restrictions for H.264 images are the same as those for MPEG-4 images.

When referring to the manual, substitute "MPEG-4" with "MPGE-4/H.264".
